

# CARE LABEL CUTTER

## CLEAR, SHARP, FAST

## CARE LABEL CUTTER

This affordable new care label cutter, which works with any TSC TTP-2410M Series industrial label printer, is designed to print and continuously cut garment industry customer care labels at a high rate of speed.

The Care Label Cutter is capable of cutting textile garment labels such as cloth, ribbon, paper, polyester and nylon tape of thickness up to 0.15 mm. Minimum media width is 1" (25.4 mm) up to a maximum materials width of 2.76" (70 mm)

The combination of a TTP-2410M Series printer and the care label cutter is a productive and affordable solution for producing care labels in volume. Setup and operation is simple and supports print speeds up to 4 inches per second, and two cuts per second without the printer slowing down or pausing between cuts. Customers can easily print and cut 120 labels per minute or over 7,200 labels per hour based on using approved TSC media.

Labels are printed on one side and can be cut and collected into the units catch tray. Minimum label length can be as short as 0.39" (10 mm) and up to 160" (4,064 mm) long depending on which TTP-2410M model is selected. The industrial-strength rotary knife unit has proven reliability and cuts without printer pause to maximize production efficiency.

Customers may choose from 203 dpi, 300 dpi or 600 dpi resolutions for their care label needs. A high resolution 300 dpi print head ensures crisp, clear print quality on a broad range of fabric substrates. With print capabilities including a choice of fonts, care symbols and logos, the TSC Care Label Cutter delivers high quality labels time after time.

### SPECIFICATIONS

Max. Print Speed	Up to 4 ips (2 cuts/sec)
Max. Media Width	70 mm (2.76")
Min. Media Width	25.4 mm (1")
Min. Cutting Length	Up to 10 mm (0.39") Base on TSC approval media
Max. Media Thickness	Up to 0.15 mm
Media Core Diameter	50.8 mm to 76.2 mm (2" to 3")
Power	Input : DC 24V±1V
Physical Dimension	● 154 mm (W) x 111 mm (H) x 83 mm (D) ● 6.06" (W) x 4.37" (H) x 3.27" (D)
Gross Weight	1800 g
Net Weight	1500 g
Environmental	● Operation: 5°C~40°C 20~80% RH non-condensing ● Storage: -20°C~60°C 10~90% RH non-condensing
User option	Catch tray
Limited Warranty	300,000 cuts or 3 months which comes first
